Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Shawn Seaver

Dear Mr. Little-

As a ratepayer and Sun City resident, I object in the strongest terms possible to the APS request for mandatory demand charges! Adjusting to radically different usage patterns to avoid punishingly high rates is a particular difficulty for older citizens such as most Sun City and other retirement area residents - those who also can least afford them. Residential demand charges should remain as a choice.

I would hope that the Corporation Commission does not allow the change simply because of the strength of the utilities' lobby and their campaign contributions in spite of the obvious harm to ratepayers.

Sincerely, Russell Denison

Dear Arizona Corporation Commission Chairman Little,

My APS electric bills are already high enough!

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

I should be able to predict and control the cost of my monthly electric bill. Please do not allow APS to impose mandatory "demand charges" making many electric bills harder to predict and control.

I should pay fair electric rates and not a penny more. It is only fair that I should be able to predict and control the cost of my monthly electric bill.

I look forward to your action.

Thank you.

There was no Social Security COLA in 2016. Prescriptions and medical costs keep going up. Why should APS get a bigger increase than we do on Social Security?
